

ABEA RELOCATION IN THE TOP FIVE

We are so glad so we cannot but make a boast of it!

Many people know ABEA as a company that helps foreigners to relocate to Ukraine, settle in here and leave when the assignment is over. Many people know ABEA as a reliable partner of international companies, which assists with obtaining immigration documents, home search, settling foreign employees and more. That's just the way it is!

Our priority has always been the quality of work, optimization, and improvement of the services provided. And this year we thought about confirming our professionalism.

We are pleased to share important news with you - ABEA was [shortlisted](#) by the Relocate Awards and Think Global People Awards 2020 and nominated for the Destination Service Provider of the Year. This is the largest and most famous award in the world of Global HR Mobility. This is the Oscar in Relocation World. We are honored to be the first Ukrainian company that was nominated and selected in the top five.

Of course, we are looking forward to the results in May and the selection of a winner, but now we live our life to the fullest. We are inspired and motivated, we are ready to make even more efforts to improve because the best is still to come!

Your ABEA team.
